

# COOL CELL CONDITIONER

Extend the useful  
life of your cool  
cell pads.

**Cool Cell Conditioner's** specially formulated, highly concentrated surfactant solution:

- ✓ Removes and prevents “green growth” on pads.
- ✓ Maintains the porosity & wettability of cool cell materials.
- ✓ Promotes optimum water flow.
- ✓ Prolongs the useful life of cool cell pads.
- ✓ Safely used with birds in the house.

## **How to Use Cool Cell Conditioner:**

Add 4 oz. to 25-70-gallon reservoir every 2 weeks.

Not safe for drinking water.
